

K2-SCO Chair

Split Seat Range
Comfort & Design for You

The K2 SCO Chair is Australian-designed and made to deliver premium comfort and support for long workdays. A 3-lever independent mechanism provides easy adjustment, while the anti-slip ratchet back height helps maintain consistent lumbar support. The contoured high back follows your natural shape to reduce strain and support better posture.

The Dual Density Posture Support seat combines firm internal support with soft cushioning to help minimise pressure points and encourage healthy spinal alignment. Fully adjustable for seat height, tilt, back angle, and back height, the K2 SCO can be tailored to suit different users and work styles.

Choose from multiple seat and back sizes, customise with a range of bases and arms, and finish with house fabrics, premium wool, or anti-microbial vinyl—ideal for healthcare environments.

Australian craftsmanship. Proven ergonomics. Everyday comfort.
